Choosing appliances? This is one step you shouldn't skip.

A Miele Cooking Appliance Demonstration will give you all the clarity and assurance you need to know that the kitchen appliance you choose best suits your needs. It will also give you a working understanding of how the latest technologies can enhance your lifestyle. Groups are small, there's plenty of opportunity for questions and the demonstrations are peppered with delectable tastings.

Call or go online www.miele.com.au to book a Miele Experience pre-purchase class. Booking fee applies.

Small groups are run by professional home economists.
