

Miele

GENERATION 7000 KITCHEN APPLIANCES

**PRODUCT ASSORTMENTS FOR CREATING
THE ULTIMATE EXPRESSION OF YOU**

#LifeBeyondOrdinary

YOU HAVE

EVERY REASON

FOR CHOOSING MIELE KITCHEN APPLIANCES

Since the company was founded in 1899, Miele has remained true to its “Immer Besser” brand promise. This means we will always do everything possible to forever advance our expertise and forever exceed our customers’ expectations. We aim to make everyday tasks easier and more inspiring by constantly improving our exceptional products whilst doing so in a way that is least impactful on the environment. We use methods of production that save resources, as well as producing appliances which set new standards in terms of their consumption of electricity, water and detergents. We also test each one to the equivalent of 20 years’ average usage to ensure you the peace of mind of knowing you’ve made the right choice.

**20
YEARS**

German engineered and tested to the equivalent of 20 years' average usage.

DESIGN LINES

Award-winning design by Miele. Three design lines all with seamless elegance and intuitive functionality. Three distinct colour options to choose from including Brilliant White, Graphite Grey or Obsidian Black.

VITROLINE

Stylish glass, timeless, modern (A)
Brilliant White, Graphite Grey, Obsidian Black

ARTLINE

Minimalist, handleless, integrated (B) Brilliant White, Graphite Grey, Obsidian Black

PURELINE

Horizontal lines, emphasis on glass, distinctive handles (C) CleanSteel

MOTIONREACT *INNOVATION*

Thanks to motion detecting technology, our appliances can now react to people's movements: oven lights and displays turn on and end-of-cycle signals automatically switch off when someone approaches.

📶 MIELE@HOME CONNECTED APPLIANCES

FOODVIEW *INNOVATION*

Miele's FoodView allows you to monitor and adjust your oven from anywhere, via your mobile. A camera inside the oven means you can check on your food and then adjust the temperature or cooking time remotely.

📶 MIELE@HOME CONNECTED APPLIANCES

TASTECONTROL *INNOVATION*

Overbaking and overcooking is a thing of the past. At the end of the cooking cycle, the door opens automatically, rapidly cooling the oven. And a maintenance temperature can be set so that food stays warm or meat can rest.

📶 MIELE@HOME CONNECTED APPLIANCES

FULLSURFACE *INNOVATION*

Greater creative freedom with FullSurface technology for positioning up to six pans wherever you like. Plus intelligent pan recognition means the control elements move according to where you position the pans on the cooktop.
