NEW

The new ProfiLine dishwashers from Miele
Efficient dishwashing several times a day

Miele Professional. Immer Besser.

ProfiLine

Built to meet the highest demands on performance and design

Dishwashers for up to 5 cycles per day

Frequent dishwashing, huge mountains of crockery

Breakfast, lunch, meetings, appointments with customers, events – in many companies, there is no end of events where large quantities of crockery needs to be washed and ready for use in next to no time. Whether in office kitchens in company headquarters, legal practices or agencies, or in showrooms, clubhouses and kitchen studios – with their short cycle times of as little as 17 minutes, ProfiLine dishwashers represent the professional solution for routinely spotless results – without having to do without the convenience familiar from a domestic dishwasher.

Perfect performance and design

Even in private homes with high expectations in terms of performance and design, ProfiLine dishwashers are the perfect fit. With connections for hot water and convertible to 10amp power, these machines come with the promise of maximum efficiency. Models with an XXL cabinet and an integrated cutlery tray are able to gently but thoroughly wash and clean up to 15 standard place settings.

Even higher requirements?

For an increased level of hygiene in child-care centres, schools and nursing homes and to cope with the extremely high throughput required in catering businesses, Miele Professional recommends the use of commercial dishwashers. Depending on model features, crockery can, for example, be washed at very high temperatures or cleaned in only 50 seconds in a 'Short' programme, corresponding to a plate capacity of up to 1300 plates per hour.

Miele Professional is a decision in favour of top performance, quality and efficiency. High-quality machines which reliably meet the expectations of the discerning, day in and day out, underline the trust placed by commercial users in Miele: 97% of all clients* would buy from Miele again next time round.

The flexible basket design and special programmes guarantee the perfect gentle care of crockery and glassware. Riedel 'THE WINE GLASS COMPANY' recommends Miele dishwashers.

Dependability

As a family-run company, now in its fourth generation, our actions, as always, still stem from a sense of responsibility for our products and processes and towards our employees, business associates and the environment.

- Product development with a clear focus on quality, durability and sustainability
- Innovations 'Made in Germany' which have set their stamp on the industry
- Award-winning ergonomics, functionality and product design
- Entire system from one single source
- Lower operating costs over entire product life cycle (Total Cost of Ownership)
- Highly commended after-sales service offering blanket coverage and a fast response

ProfiLine dishwasher highlights

Very short cycles

Are very short cycle times and sparkling results important to you? In this case, the new ProfiLine dishwashers are the perfect choice: Connections for hot water and a single phase supply, intelligent dishwashing technology and a powerful heater pump ensure the shortest possible cycle times, starting at only 22 minutes, combined with optimum cleaning results. Take advantage of innovative features that make your crockery sparkle day after day in the shortest amount of time.

Convenient connectivity

How about saving time to concentrate on more important jobs? No problem! Whether from home or 'on the fly' – networking your new ProfiLine dishwasher opens up innovative opportunities which offer greater convenience, quality of life and security in the hustle and bustle of commercial life.

With the aid of the free Miele apps* Miele@mobile or mielepro@mobile, you are in a position to communicate with your machine from anywhere and at any time to control programmes, check up on remaining programme times or monitor supplies. It only takes a few clicks to conveniently order dishwasher tablets and other supplies from your smartphone or tablet PC.

*Minimum requirements: Android 4.2+ / iOS 9+

Automatic dispensing of liquid detergent

Dispensing liquid detergent via an external dispenser is both convenient and precise.

Low consumption

The environmentally friendly way of cutting costs: ProfiLine dishwashers with their low consumption are convincing and known for their maximum efficiency. The aim at the product design stage is to achieve perfect dishwashing results by using recyclable materials and no more water, energy and detergent than is absolutely necessary.

Further benefits of the new ProfiLine dishwashers*

* model-dependent

Best sound emissions

The new ProfiLine dishwashers generate low sound emissions of 45 dB(A) and are therefore particularly quiet and produce consistently excellent results. This is even significantly quieter than a normal conversation.

Exclusive to Miele

Patented¹⁾ 3D+ cutlery tray

The versatility of the intelligent 3D+ cutlery tray is a key feature. Width, height and depth are adjustable to suit any type of load. Thanks to hinged rows of spikes in the centre section, there is more space for large utensils such as salad spoons or kitchen knives. The adjustable side sections even allow you to position stemware in the upper basket. Additional flexibility for perfect cleaning results.

¹⁾ DE102008062761B3, EP2201887B1

Exclusive to Miele

Patented²⁾ AutoOpen function

With enhanced drying selected, the dishwasher door opens automatically to the ajar position at the end of a programme. This allows fresh air to reach the crockery, ensuring that even plastic dishes dry completely. Special air ducting protects the worktop from moisture.

²⁾ European patent EP 1 080 681

Exclusive to Miele

Perfect GlassCare³⁾

Soft water will clean crockery thoroughly but has an aggressive effect on glass. Consequently, ProfiLine dishwashers are equipped with Perfect GlassCare¹⁾ technology. This feature ensures that the water used has the correct mineral content.

This helps protect glassware and keeps stemware looking as good as new.

³⁾ European patent EP 1 457 153 B

**Exclusive
to Miele**

BrilliantLight⁴⁾

Automatically controlled: four LEDs bathe the entire dishwasher interior in brilliant light.

⁴⁾ Patent DE 10 2007 008 950.5

Maximum flexibility

Thanks to an extremely flexible basket design, glasses, crockery and cutlery are perfectly cleaned. FlexAssist colour coding indicates at a glance which elements allow baskets to adapt to individual needs. FlexCare glass holders accommodate stemware securely in the basket. This guarantees perfect and gentle cleaning.

Superb hygiene

In office kitchens available to staff and visitors, hygiene must be high on the agenda. The new ProfiLine dishwashers operating on the fresh water principle achieve extremely hygienic results thanks to their high main wash and rinse temperatures, particularly in the 'Hygiene' programme.

**Exclusive
to Miele**

ComfortClose

Practical: the door is extremely easy to open and close, and stays open in any position.

What do the icons mean?

All symbols for ProfiLine dishwashers at a glance

Charts on the following pages contain detailed information on Miele's ProfiLine dishwashers. In general, Miele products have many different functions and characteristics.

Icons representing the most important features directly above the product ensure differentiation at a glance. For a quick overview, this page provides a brief explanation of all symbols used.

 **17Energy efficiency**
States the energy efficiency classification

 Energy efficiency ratings A+++ -20% to A+ are available.

 **Shortest programme duration**
Expresses the cycle time of the shortest programme in minutes.

 The shortest programme cycle is 22 minutes and is achieved by connecting the machine to a 25amp power supply and hot water.

 **Sound emissions**
States sound emissions in decibels (dB).

 The quietest dishwashers have sound emissions of only 38 dB thanks to the 'ExtraQuiet' programme. The highest value is 46 dB.

Cutlery cleaning

 Shows where the cutlery can be placed for cleaning.

The height, width and depth of the patented 3D+ cutlery tray¹⁾ can be adjusted.

 **Perfect GlassCare²⁾**
Shows if the appliance features Perfect GlassCare

 This patented²⁾ technology ensures that your glasses are cleaned gently

 **AutoOpen drying³⁾**
Shows if the appliance has AutoOpen drying

 The dishwasher door opens automatically at the end of a programme cycle

 **Connectivity (WiFiConn@ct)**
Indicates if the appliance is web-enabled.

 The unit is fitted with WLAN and is Internet-enabled. Adds the convenience of mobile applications.

 **BrilliantLight⁴⁾**
Shows if the appliance is illuminated from the inside

 4 Power LEDs for perfect illumination of the inner cabinet

 **Automatic liquid dispensing**
Indicates whether a machine can be connected to an automatic liquid dispensing system.

 The machine can be connected to an external dispensing module (optional accessory) for the automatic dispensing of liquid detergent (both available from Miele).

1) Patent: EP 2201887B1, DE 102008062761B3

2) Patent: EP1080681B1

3) Patent: EP 2120671B1, DE 102007008950B4

4) Patent: EP 2233061B1

Immer Besser (Forever Better)

Since 1899, Miele - a family-run company - has subscribed to a clear corporate philosophy condensed into the two words 'Forever better'. This overarching claim is the foundation of Miele's proverbial quality and sustainability and the power of innovation of a brand 'Made in Germany'. A brand promise which gives commercial users the certainty of having chosen the right product.

Award-winning

Uncompromising product reliability and service dependability is the reason why customers have repeatedly voted Miele the best and most trustworthy brand. Coveted awards such as the MX Award, the iF and reddot Design Awards and the German Sustainability Prize confirm the distinguished position Miele enjoys with respect to design, quality management and the sparing use of resources.

Proficient

Miele Professional has been developing and manufacturing a broad range of high-quality laundry machines, dishwashers, washer-disinfectors and sterilisers for decades. Carefully selected accessories, comprehensive advisory services and a Miele factory service operation which guarantees a fast response and ensures that machines perform to perfection and offer the ultimate in performance and efficiency.
